

What is the **Graduate CMTP** (Capital Markets Training Programme)?

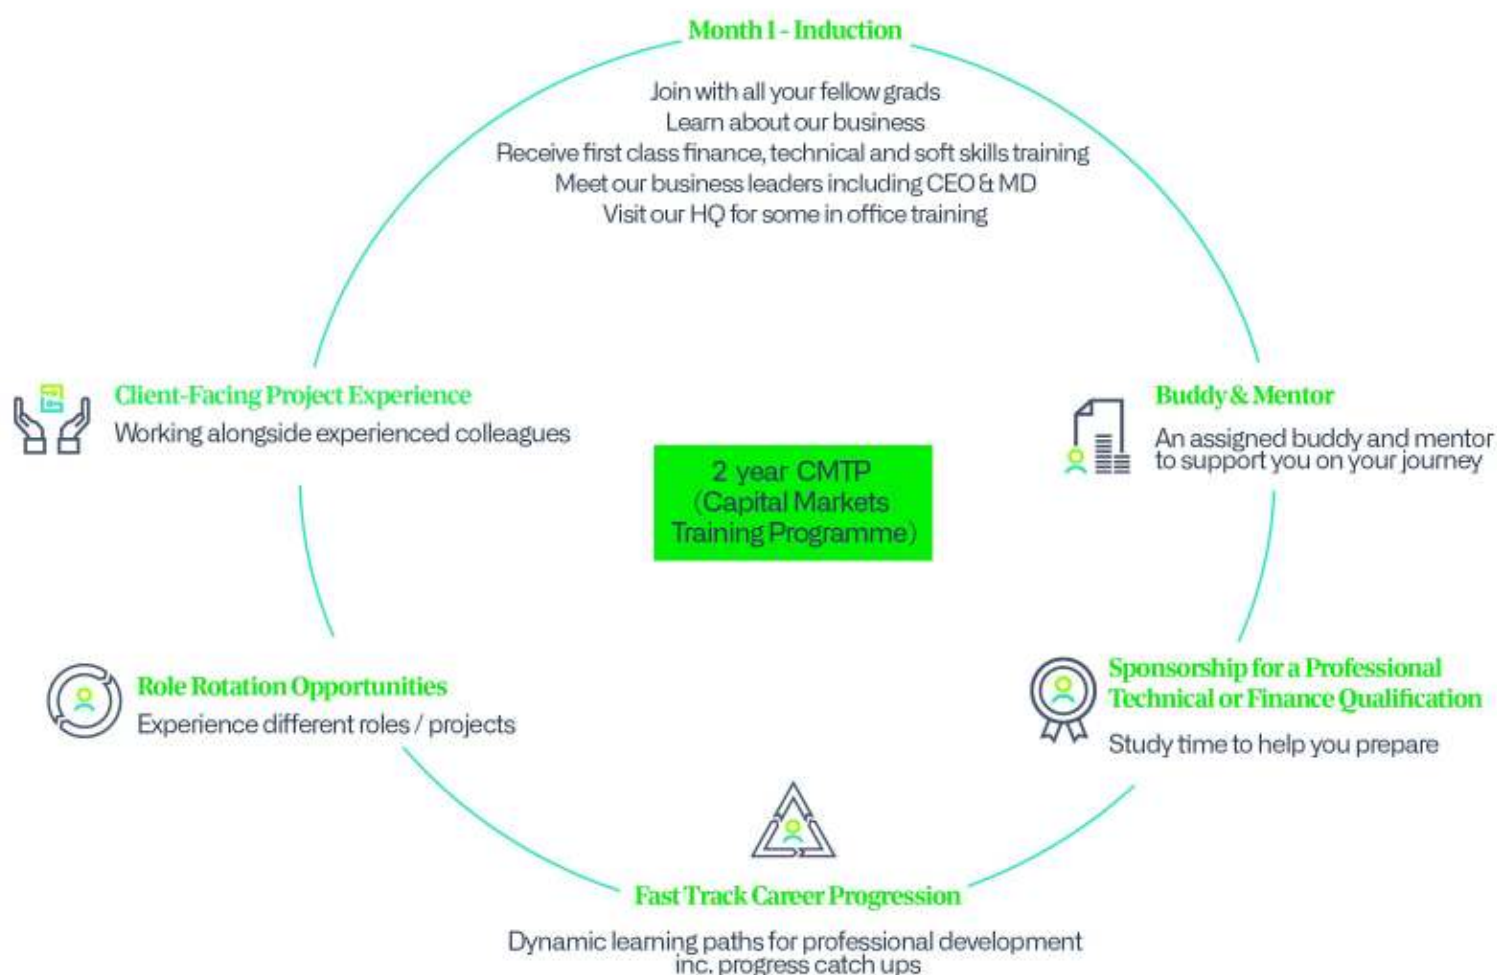

A modularised training programme specially tailored for Capital Markets (known as CMTP)

Each practice has defined technical, finance, consultancy, and soft skill modules

An extensive syllabus with supporting material, workshops, lectures, and on-line exams

Each module concludes with an assessment that may combine written, verbal and multiple-choice questions.

At its conclusion participants have the detailed, practical, validated know-how that defines FD consultants: Combining Domain Knowledge and Technical Expertise

We have been **training graduates** since **2009**, so it's safe to say we know what we are doing!
